Thoughtful Reading: Teaching Comprehension to Adolescents, 2 DVDs. Color. 120 min mins. (C). (gr. 6-12). Video Released Jan. 2006. Author Cris Tovani. Teachers of adolescent readers face many challenges. Some students are skilled at decoding text but have few strategies for understanding complex genres. Others have entered their teen years struggling to decode even the simplest books and articles. Through her highly successful book, I Read It, but IDon't Get It, Cris Tovani, a high school teacher in Denver,Colorado, has provided welcome advice to teachers on the reading strategies that worked in her classroom.Now, Cris' practical and inspiring ideas for teaching reading come to life in the videotape series, Thoughtful Reading.This four-part series shows Cris working with a wide range of students, from college-bound seniors to students who have been referred to her classroom because of their struggles with reading. You'll see Cris leading the whole class, launching small-group activities, thinking through instructional design, teaching individual students, and assessing learner needs and strengths. The series includes examples of how to:design small-group instruction;teach students to work together in groups;initiate one-on-one conferences with students;teach comprehension strategies to the whole class;help students learn to monitor their reading through notes, logs, and discussions;create "comprehension constructors" and other instruction tools that link reading, writing, and thinking;promote student independence through whole-class discussions and student presentations;provide a range of genres to meet the needs of diverse students.Prepare to enter a remarkable high school classroom where students who are reluctant to read are developing new skills and redefining their sense of themselves as readers. You'll leave with a wealth of ideas for instruction, energized by new possibilities for helping students. Stenhouse Pubs. DVD. (ISBN. 978-1-57110-467-0(4)) $395.00.

(Order #: E509) $24.95; pap., tchr. ed. $12.00.

Three-Two-One Classroom Contact No. 7: **Water Cycle: Go with the Flow.** Science-Environmental Studies. 15 mins. (J). Age: 9-11. (gr. 4-6). Group. Did you know that the water you drank today, may have been drunk by a dinosaur 50 million years ago? Well it's true. All the water in the world is constantly being recycled. It is cleaned in a never-ending cycle of evaporation, condensation, & precipitation. But there's a limit to the amount of pollution the water cycle can handle. Sometimes water gets polluted even before it hits the ground - rain falling through polluted air can form acid rain that may kill plants & animals. Univ. of Nebraska-Lincoln, GPN. VHS. (Order #: E509) $24.95; pap., tchr. ed. $12.00.

Three-Two-One Classroom Contact No. 8: **Animal Vision: Eye of the Beholder.** Science-Biology. Animals. 15 mins. (J). Age: 9-11. (gr. 4-6). Group. Ever wondered how the world looks through a frog's eyes or a chameleon's eyes? Here's your chance to see things in a whole new light! Animal's eyes help them survive in their specific environments & basic components of the eye vary in different species. Some animals don't see colors at all; some see only a few; & some see parts of the spectrum we can't - those of infrared or ultraviolet light. Univ. of Nebraska-Lincoln, GPN. VHS. (Order #: 509) $24.95; pap., tchr. ed. $12.00.

Three-Two-One Classroom Contact No. 9: **Antarctic Animals: Living on the Edge.** Science-Environmental Studies. Animals. 15 mins. (J). Age: 9-11. (gr. 4-6). Group. Only a few animal species live in Antarctica. On the ice-covered land mass, air temperatures dip to below -100 degrees F. Near-freezing water is toasty by comparison. So most animals live in the chilly ocean water surrounding the continent. Animals like penguins & seals are specially adapted to survive in this otherwise inhospitable environment. Univ. of Nebraska-Lincoln, GPN. VHS. (Order #: E509) $24.95; pap., tchr. ed. $12.00.

Three-Two-One Classroom Contact No. 10: **Australian Mammals: Life Down Under.** Animals. Australia. 15 mins. (J). Age: 9-11. (gr. 4-6). Group. Australia is home to many unique animals including some unusual mammals like the kangaroo, the koala, & the platypus. But why do all these strange, unusual creatures live in just one place? It all started a long, long time ago in a place called Gondwanaland. Univ. of Nebraska-Lincoln, GPN. VHS. (Order #: E509) $24.95; pap., tchr. ed. $12.00.

Three-Two-One Classroom Contact No. 11: **Bioelectricity: The Shocking Truth.** People With Disabilities. Science-Anatomy And Physiology. 15 mins. (J). Age: 9-11. (gr. 4-6). Group. All living things - people, animals, & plants - produce electricity. Each cell in the human body works like a tiny battery. We use the electricity to send messages to & from our brains. Learn how scientists are using the body's own electrical impulses to help amputees utilize artificial myoelectric limbs!. Univ. of Nebraska-Lincoln, GPN. VHS. (Order #: E509) $24.95; pap., tchr. ed. $12.00.

Three-Two-One Classroom Contact No. 12: **Classification: The Order of Things.** Science-Biology. 15 mins. (J). Age: 9-11. (gr. 4-6). Group. Living things can be grouped, or classified, according to common traits. Doing so helps us find out how species are related - the more traits they share, the closer the relationship. Knowing about such common traits even helped a scientist solve the mystery of a plane crash!. Univ. of Nebraska-Lincoln, GPN. VHS. (Order #: E509) $24.95; pap., tchr. ed. $12.00.

Three-Two-One Classroom Contact No. 13: **Digestion: The Inside Story.** Science-Anatomy And Physiology. 15 mins. (J). Age: 9-11. (gr. 4-6). Group. Some animals eat plants; some eat meat; & some eat plants & meat. Whatever an animal eats, its teeth get the digestive process underway. But where does food go from there? Find out by watching the on-camera dissection of a pig's digestive system which shows how the process works in him & in you. Univ. of Nebraska-Lincoln, GPN. VHS. (Order #: E509) $24.95; pap., tchr. ed. $12.00.

Three-Two-One Classroom Contact No. 14: **Flying Animals: Winging It.** Science-Anatomy And Physiology. Science-Biology. 15 mins. (J). Age: 9-11. (gr. 4-6). Group. How is a clam like a polar bear? Neither has wings, so neither can fly! But lots of other animals do have standard flying equipment - wings. Some are flying birds, some are flying mammals (bats), & some were flying reptiles (pterosaurs) that became extinct more than 60 million years ago. Even though these creatures may look different, their wings have a lot in common. Univ. of Nebraska-Lincoln, GPN. VHS. (Order #: E509) $24.95; pap., tchr. ed. $12.00.

Three-Two-One Classroom Contact No. 15: **Food Chains: Eat & Be Eaten.** Science-Environmental Studies. Oceans. 15 mins. (J). Age: 9-11. (gr. 4-6). Group. All animals - including humans - depend on plants because there's a plant at the beginning of every food chain. For example, sea urchins thrive on kelp, a water plant, & sea urchins, in turn, are food for sea otters. Find out how marine biologists in California observe the kelp-sea urchin food chain & sometimes intervene to maintain this delicate balance. Univ. of Nebraska-Lincoln, GPN. VHS. (Order #: E509) $24.95; pap., tchr. ed. $12.00.

Three-Two-One Classroom Contact No. 16: **Innate & Learned Behavior: How Do They Know That?** Science-Biology. 15 mins. (J). Age: 9-11. (gr. 4-6). Group. Why does a spider always weave the same kind of web instead of getting creative from time to time? Because the web-spinning behavior is innate - the animal knew how to spin webs when it was hatched. Humans have innate behaviors too, such as crying & swallowing, but there are lots of things animals - including humans - must learn how to do. Univ. of Nebraska-Lincoln, GPN. VHS. (Order #: E509) $24.95; pap., tchr. ed. $12.00.

Three-Two-One Classroom Contact No. 17: **Social Behavior: Living in Groups.** Science-Zoology. 15 mins. (J). Age: 9-11. (gr. 4-6). Group. Although most animals are solitary creatures, some live in groups. Herds of bison & schools of fish live in loose assemblies of hundreds; prides of lions & troops of baboons live in small but organized groups; colonies of ants & bees live in highly organized groups of thousands. Univ. of Nebraska-Lincoln, GPN. VHS. (Order #: E509) $24.95; pap., tchr. ed. $12.00.

Three-Two-One Classroom Contact No. 18: **Training Animals: Learning New Tricks.** Science-Zoology. Animals. 15 mins. (J). Age: 9-11. (gr. 4-6). Group. What do pigs, dolphins, & monkeys have in common? They're animals that can be trained to do things - sometimes just for fun; sometimes to help humans. And they're mammals - the animals best able to learn. When working with animals, trainers break down tasks into steps that are taught one at a time. Univ. of Nebraska-Lincoln, GPN. VHS. (Order #: E509) $24.95; pap., tchr. ed. $12.00.

Three-Two-One Classroom Contact No. 19: **Air Is Matter: Air Is There.** Science-Physics. 15 mins. (J). Age: 9-11. (gr. 4-6). Group. Air is matter that really matters. It's everywhere, throwing its weight around by holding things up or knocking them down. But wherever it is & whatever it does, air has volume & mass that make it matter!. Univ. of Nebraska-Lincoln, GPN. VHS. (Order #: E509) $24.95; pap., tchr. ed. $12.00.

Three-Two-One Classroom Contact No. 20: **Friction: Getting a Grip.** Science-Physics. 15 mins. (J). Age: 9-11. (gr. 4-6). Group What do bobsleds, roller coasters, motorcycles, skis, cars,

planes, snakes, & people all have in common? They all need friction to get 'em going & to slow 'em down! Friction is the resistance encountered when one thing moves over the surface of another. Treads on tires & shoes create friction so people can "get a grip!". Univ. of Nebraska-Lincoln, GPN. VHS. (Order #: E509) $24.95; pap., tchr. ed. $12.00.

Three-Two-One Classroom Contact No. 21: **Generating Electricity: More Power to You.** Science-Physics. 15 mins. (J). Age: 9-11. (gr. 4-6). Group. How can you generate electricity? Simply. Just move a magnet past a wire or a wire past a magnet & you'll get an electric current. Huge power plants use falling water, wind or steam to rotate coils of wire inside giant magnets to create enough electricity for all of us. Univ. of Nebraska-Lincoln, GPN. VHS. (Order #: E509) $24.95; pap., tchr. ed. $12.00.

Three-Two-One Classroom Contact No. 22: **Gravity, Weightlessness: Measuring G's.** Science-Physics. 15 mins. (J). Age: 9-11. (gr. 4-6). Group. Gravity constantly grabs things & pulls them toward Earth's center. In fact, that's why things have weight. But how do you get into a weightless situation? Try riding a rollercoaster.or even an elevator!. Univ. of Nebraska-Lincoln, GPN. VHS. (Order #: E509) $24.95; pap., tchr. ed. $12.00.

Three-Two-One Classroom Contact No. 23: **Light & Color: Living Color.** Science-Physics. 15 mins. (J). Age: 9-11. (gr. 4-6). Group. Why can't we see the colors of objects in the dark? Because light has to hit the object & reflect its color back to our eyes. Hard to visualize? Well watch, as simple animations & colorful experiments take us out of the dark & into the light!. Univ. of Nebraska-Lincoln, GPN. VHS. (Order #: E509) $24.95; pap., tchr. ed. $12.00.

Three-Two-One Classroom Contact No. 24: **Motion & Forces: Play Ball.** Science-Physics. 15 mins. (J). Age: 9-11. (gr. 4-6). Group. An object can't move unless acted upon by some force that sets it in motion. We apply force when we hit a baseball or shoot a basketball through a hoop, but there's another force that's working all the time - gravity. You'd be surprised at what you can do if you know that forces like gravity work in predictable ways. For example, softball pitchers use gravity to throw pitches that trick batters!. Univ. of Nebraska-Lincoln, GPN. VHS. (Order #: E509) $24.95; pap., tchr. ed. $12.00.

Three-Two-One Classroom Contact No. 25: **Refraction: Facts of Light.** Science-Physics. 15 mins. (J). Age: 9-11. (gr. 4-6). Group. A ray of light ordinarily travels in a straight line, but it can be refracted, or bent, when it enters a new medium at an angle. It's important to be able to bend light. Lighthouses, for example, use lenses to bend light from one bulb & send it far out to sea to warn sailors of rocks ahead. Univ. of Nebraska-Lincoln, GPN. VHS. (Order #: E509) $24.95; pap., tchr. ed. $12.00.

Three-Two-One Classroom Contact No. 26: **Surface Tension: BUBBLE-ology!** Science-Physics. 15 mins. (J). Age: 9-11. (gr. 4-6). Group. Can anyone blow a soap bubble that's non-spherical? No. Because of surface tension, soap film sticks together & always forms a sphere. Experiments with soap bubbles help kids learn more about what's holding the bubbles all together - surface tension. Univ. of Nebraska-Lincoln, GPN. VHS. (Order #: E509) $24.95; pap., tchr. ed. $12.00.

Three-Two-One Classroom Contact No. 27: **How Do You Know? Collect the Data.** Scientists. 15 mins. (J). Age: 9-11. (gr. 4-6). Group. You can get a lot of information from books, data banks, & even from TV. But sometimes you just have to get up, go out into the field, & observe people & things in order to collect data. Meet some scientists collecting data deep in the woods & deep underwater. Univ. of Nebraska-Lincoln, GPN. VHS. (Order #: E509) $24.95; pap., tchr. ed. $12.00.

Three-Two-One Classroom Contact No. 28: **How Do You Know? Dig It Up!** Science-Archaeology. 15 mins. (J). Age: 9-11. (gr. 4-6). Group. How do archaeologists find out what prehistoric humans ate? The scientists become detectives, excavating ancient trash heaps & hunting for animal bones, shells, & plant pollen that give clues to what people ate. But for direct evidence, scientists analyze fossil feces. Seeds & plant pollen that are trapped & preserved in thousand-year-old dung reveal what was eaten!. Univ. of Nebraska-Lincoln, GPN. VHS. (Order #: E509) $24.95; pap., tchr. ed. $12.00.

Three-Two-One Classroom Contact No. 29: **How Do You Know: Experiment!** Science-General. 15 mins. (J). Age: 9-11. (gr. 4-6). Group. Is every sound a language? Do parrots speak English? And who left that message on the answering machine? You can try to guess the answers to these questions, or you can set up controlled experiments designed to let you know when you've found the right answers!. Univ. of Nebraska-Lincoln, GPN. VHS. (Order #: E509) $24.95; pap., tchr. ed. $12.00.

Three-Two-One Classroom Contact No. 30: **How Do You Know? Make a Model.** Science-General. 15 mins. (J). Age: 9-11. (gr. 4-6). Group. Lots of people put together model planes or ships for fun. But models aren't just toys, they're scientific tools? Models can help us test theories, learn about things that are very small, very big, very far away, or that lived very long ago. We can even calculate a dinosaur's weight by using a model of the creature!. Univ. of Nebraska-Lincoln, GPN. VHS. (Order #: E509) $24.95; pap., tchr. ed. $12.00.

Three-Two-One Contact: Architecture, 5 cass. Architecture. 150 mins. (J). Age: 6-11. (gr. 1-6). Group, Broadcast. Learn how critical the toddler years are because of the focus on gaining autonomy & independence. The acts of eating, toileting & sleeping take on new significance as the child brings these activities under his own control The child is learning socially acceptable ways of handling these activities within his culture. Caregivers have many decisions to make in responding to erratic & inconsistent behavior in the toddler: how to enforce rules, how to respond to temper tantrums, how to support the toddler experiencing separation, playing with others & accepting the new baby in the family. Understanding what the toddler experiences in these issues makes guidance easier. Child Development Media, Inc. VHS. (Order #: 11310) $90.00.

Tonto. (1999). History, Ancient And Medieval. Color. 30 mins. (Ancient America Ser.). Video Released Mar. 1999. Centuries ago, the cliffs were alive! There is no place quite like the cliff dwellings at Tonto National Monument. Here, in the sometimes harsh environment of Arizona's Tonto Basin, the Salado built irrigation canals & made the desert bloom. Hundreds of years ago, pueblos lined the Salt River & its tributaries. The prehistoric Salado people were carving a civilization out of the desert. Their trade network extended for many hundreds of miles & included live macaws from Central America. Finely woven cotton textiles & beautifully crafted polychrome pottery marked their culture. Yet seldom did the Salado build in the cliffs. The cliff dwellings at Tonto offer us one of the best preserved looks at Ancient America & the lives of these resourceful people. Discover the lingering mysteries and the intriguing world of the ancient Salado. Camera One. VHS. (ISBN: 978-1-56057-039-4(3), UPC: 0934700040) $14.95; VHS. (Order #: AAV-014) $24.95.

Torchlighters: Jim Elliot. Color. 30 mins. mins. Video Released Nov. 2004. Torchlighters is a new series of animated programs for youth 8-12 presenting the lives of true life heroes from history that will lift their sights for purpose in life and what God can do through lives devoted to his will and purposes. The first program in the series in on the life of missionary martyr Jim Elliot.The date was 1956. From the steamy jungles of Ecuador news spread around the world that four young Americans were mercilessly killed by members of the Auca tribe - a people those young men had gone to serve and befriend. That seemingly senseless tragedy a half century ago has turned into an historic inspirational marvel as that same tribe is now friends with the families of those

they killed! This is the story of one of those torchlighters - Jim Elliot.Jim Elliot spent his youth preparing to share the Gospel with those who'd never heard it. But nothing could have prepared him for the dangers and challenges he'd face in the jungles of Ecuador. The remote Auca tribe was suspicious and antagonistic toward even the most friendly of gestures from outsiders. How could Jim and his team ever break down the hostile barriers? Would they ever be able to carry a torch of faith to a savage people determined to attack all outsiders? In this inaugural Torchlighters episode we follow Jim's adventures in faith from his college years to his work in the jungles, showing young people his faith in action as he answers God's call to do the seemingly impossible. Towards a New Science of Consciousness. (1999). Science-General. Psychology. Color. (Science & Consciousness Ser.). *Made-for-Video.* Video Released Jun. 1999. Brian O'Leary. Experiments in quantum physics, psychokinesis, precognition, biocommunications, zero point energy, anomalous experience & healing all point to a new scientific paradigm of consciousness. Characteristics include the instantaneous transfer of information, nonlocality & downward causation. The realm of consciousness appears to transcend time & space as well as the four known forces of physics in a mechanistic & objective universe. The latter may be seen as a limiting case of the new scientific paradigm. Existing branches of natural, philosophical, psychological & spiritual science are increasingly embracing consciousness as an essential ingredient. Expanded research & education can empower us to develop technologies that could help bring the Earth back into balance. Message Co., The. VHS. $19.95.

Trading the Elliott Waves: Winning Strategies for Timing Entry & Exit Moves with Robert Prechter. 120 Mins. mins. Video Released Aug. 2003. Author Robert R. Prechter, Jr. Gain unparalleled insight into using the power and performance of wave theory to precisely time your market moves, with Robert Prechter's groundbreaking new workshop. The NY Times bestselling author and "Trader's Hall of Fame" winner presents 2 hours of thought-provoking techniques and startlingly accurate strategies that will help you harness the predictable signals in the marketplace, and use them to your trading advantage.This all-encompassing technical approach to reading and trading the markets has proved consistently successful over decades, in good times and bad. Be it bear or bull market - no one is more renowned at educating the investing public on the "wave" technique than The Elliott Wave Theorist's Bob Prechter.In clear, concise, and convincing terms he presents:- The basics of Wave Forms- How to apply the 5-part Wave pattern to a variety of indices- Keys for identifying market lows ripe for buying (or covering shorts) and market highs suitable for selling (or short selling)- Methods for predicting turning points using Fibonacci to support the Elliott Wave Principle - Using psychology as an indicator to make - and time - predictions- Hard proof that Wave Theory supports "contrarian investing" - time and again - "Nuances" that aid in predictions, such as advance/decline linesYou'll be as riveted by the scope of this session, and the power of the "Wave Principle" - which Prechter considers to be the "purest" form of technical analysis - to aid in your every market move. His passionate, in-depth presentation - with full online support materials - persuasively shows how knowing the wave patterns gives you a high probability insight into what the market is likely to do - or not do - next. Benefit from this objective and proven means of assessing the future path of the market with increased accuracy - using the techniques outlined in Prechter's 5-star presentation.Comes with extensive online support material available at: www.traderslibrary.com/tradesecretsWhether you're an investor, an educator, or a business owner, understanding the Wave Principle provides a unique perspective in all areas of life. Trafic. (1971). Color. 97 mins. (French, Subtitled: English). Video Released Jul. 2008. Directed by Jacques Tati. In Jacques Tati's Trafic, the bumbling Monsieur Hulot, outfitted as always with tan raincoat, beaten brown hat, and umbrella, takes to Paris's highways and byways. For this, his final outing, Hulot is employed as an auto company's director of design, and accompanies his new vehicle (a camper tricked out in all sorts of absurd gadgetry) to an auto show in Amsterdam. Naturally, the road is paved with modern-age mishaps. This late-career delight is a masterful demonstration of the comic genius's expert timing and sidesplitting visual gags, and a bemused last look at technology run amok. Criterion Collection. DVD. G. *Made-for-Video.* Video Released Apr. 1999. Joanne Ross, Charlene Nelson, Summer Sayles. Directed by Toni M. Leland. Contribution by DRP Film and Video. Produced by Toni M. Leland, Robert E. Leland. Screenplay by Toni M. Leland. This two-volume video guide will give any Miniature Horse owner the tips and techniques to train a Mini to drive successfully. Tape One: Understanding what makes a good driving horse will help you find that perfect performance prospect, or pick one out of your own field. Joanne Ross of Scott Creek Farm explains the differences between the driving classes available in Miniature Horse shows, and shares insights into what makes a successful amateur exhibitor. You'll study the parts of the harness and cart and follow a close-up, step-by-step demonstration of harnessing and hitching your horse. Tape Two will start with the premise that you already have a driving prospect, you have studied the various classes, and are able to harness and hitch your horse. Joanne Ross of Scott Creek Farm will show you, step-by-step, how to start a green horse, discuss the importance of "whoa,"safety issues, and understanding the nature of the horse, as it relates to training. Once you have your horse started in harness, you'll learn exercises and drills for turning, backing, and building your horse's flexibility, as well as how to handle your reins and whip. The workshop finishes up with some problem-solving, including balking, rearing, and therunaway horse. Free poster included. VHS, total running time, 60 minutes. The Transcendent Instinct. (1999). Documentaries, Miscellaneous. Color. 90 mins. (Science & Consciousness Ser.). *Made-for-Video.* Video Released Jun. 1999. James Thorton. Human beings are primed by instinct to have transcendent experience. From Zen to Meister Eckart, from alcoholics to rain forest shamans, we are always looking for ways of reaching into the transcendent. The birds & the bess don't do this - we do because of the way our brain is made. This talk/workshop compares us to other animals, looks at how our brain is wired & explores mysticism, drug addiction & psychedelic use as expressions of the instinct. We explore meditation practices that give an outlet to the transcendent instinct & discover how this instinct seeks to connect us with the living Earth. Through a guided meditation we experience the mind of Gaia, the living Earth & merge with it. Message Co., The. VHS. (ISBN: 978-1-57282-146-0(9)) $24.95.

The Treatment. Color. 86 mins. Video Released Oct. 2007. Directed by Oren Rudavsky. Jake Singer is an anxious young schoolteacher living in New York. He is barely on speaking terms with his father, was recently abandoned by his girlfriend, and is heading for a life of compromise and mediocrity at a prestigious uptown prep school. Emotionally paralyzed, Jake embarks on a course of psychoanalysis with the maniacal Argentine-Freudian Dr. Ernesto Morales, therapist from hell, who wields his heavily accented sarcasm like a machete. Morales' tactics are worthy of the Spanish Inquisition, and soon Jake is just trying to keep him at a distance while planning his escape. But when he meets socialite widow Allegra Marshall, Jake finds himself upwardly mobile in the Manhattan of serious money and glamour. Bouncing from Morales's couch to Allegra's bed and back again, Jake finds his whole life taking on the strange unpredictable quality of a therapy session. New Yorker Video. DVD. Tribute to Ronald Reagan VHS Twin-Pack. Acorn Group Inc. Super VHS. (ISBN: 978-1-56938-278-3(6)) $29.95.

A Tribute to Safety People. Safety Education. 8 mins. (Offer Ser.). Hosted by Art Fettig. A gung-ho, standing ovation tribute to Safety People & the difference they make in this world. Everyone involved in safety should experience this program. Growth Unlimited, Inc. VHS. (Order #: 1102).

A Tribute to W. Proctor Harvey, MD. Biographical. Medical Education. Color. 48 mins. *Made-for-Video.* Video Released Feb. 1996. The renowned cardiologist is acknowledged throughout the field as a leader in clinical auscultation. Part 1 highlights his life & includes reminiscences from former students who are now prominent cardiologists. In Part 2, he demonstrates auscultation of the cardiovascular system as an important clinical method of evaluation. American College of Cardiology. VHS. (ISBN: 978-1-882764-54-9(4)) $20.00.

Trichy Sankaran: Mrdangam & Kanjira Clinic. Music-How-To. (Percussive Arts Society International Convention Ser.). Alfred Publishing Co., Inc. (Warner Bros. Pubns.). VHS. (Order #: PAS9401) $19.95.

Trick & Fancy Roping Made Easy, Lesson 1. Sports-How-To. Color. 30 mins. Mark Allen, Sara Hickey. Learn the Flat Spin and Wedding Ring - the two techniques that are the basis for most other trick and fancy roping routines. Allen, Mark Productions. VHS. (Order #: V1001) $19.95; VHS. $19.95.

Trick & Fancy Roping Made Easy, Lesson 2. Sports-How-To. Color. 30 mins. Mark Allen, Angelo Iodice, John Giannotti, Jr. Demonstrated are the Butterfly and Texas Skip vertical loops. Allen, Mark Productions. VHS. (Order #: V1003) $19.95; VHS. $19.95.

Trick or Drink. (1985). Women's Studies. Color. 20 mins. Group, CCircuit, Cable, Broadcast. Directed by Vanalyne Green. Women Make Movies, Inc. VHS. $200.00; 3/4" U-Matic. $250.00; VHS. Rental 50.00.

Trick or Treasure. (1992). Literature, Children's. 24 mins. (YA). This storybook tale of a young girl's spooky adventure is set in a Nova Scotia fishing village replete with pirates, ghosts & hidden adventures. CLEARVUE/eav, Inc. VHS. (Order #: CVHV773) $40.00.

Trick or Treat. Literature, Children's. Halloween. 8 mins. (J). On Halloween night, when his nephews call on their Uncle Donald, he's all tricks and no treats until Witch Hazel's magical potion turns the tables. Disney Educational Productions. VHS. (Order #: 68471) $59.00.

Trick Shots. Billiards And Pool. Hosted by Jim Rempe, Loree Jon Jones, 'St. Louie Louie' Roberts, Sammy 'Jumpy' Jones, David 'Giant Killer' Howard, Earl 'The Pearl' Strickland. This pool-teaching film is the final installment of the three-part series. It's a spoof of the "Mission: Impossible" television show retitled "Position: Impossible.". Ardent Video Publishing, Inc. VHS. (Order #: AVP-0488) $29.95; Beta. (Order #: AVP-0488) $29.95.

Trick Train Your Horse: The Rex Peterson Way. Sports-How-To. Color. 53 mins. Rex Peterson. The renowned Hollywood horse trainer teaches tricks such as bowing, sitting-up, counting and rearing applying humane training procedures. Allen, Mark Productions. VHS. (Order #: V1033) $39.95; VHS. $39.95.

Tricking Whitetail Bucks. (1997). Hunting. Stoney-Wolf Productions, Inc. VHS. (Order #: TT1004, UPC: 008681100439) $8.95.

Tricks of the Trade. Video Released Dec. 2005. Braun Media, LLC. DVD. (ISBN: 978-1-59987-051-9(7)) $9.95.

Tricks of the Trade: Class on Video. Video Released Dec. 2003. Bead Happy, Inc. VHS. (ISBN: 978-0-9722831-0-6(2)) $29.95.

The Tricks They Use, Vol. 2. (1997). Cults. Color. 15 mins. (Seduced by the Cult Ser.). G. *Made-for-Video.* Video Released Sep. 1997. The insidious deceptive techniques of cult recruiters and how they maintain a loyal following using systematic mind control tactics will be addressed. These points are communicated by true confessions of ex-cult members. Go Media Cos. VHS. (ISBN: 978-1-930320-10-9(8)).

The Trickster. Animated Films. Color. 15 mins. (Magic Library). (J). Age: 7-8. (gr. 2-3). Public performance. The mice are astounded when a tiny spider is transformed into the African folk hero Anansi, who reads "Anansi & Old Man Mud Turtle.". Films Media Group. VHS. (Order #: AZN6760) $29.95.

Trigonometric & Circular Functions: Applications of Circular Functions. Mathematics-Trigonometry. 29 mins. (Math Factor Ser.: Module 2). (YA). Age: 14-UP. (gr. 9 up). Learn how to solve trigonometric equations of primary or reciprocal functions either algebraically or graphically. United Learning. VHS, Incl. student wkbk. (Order #: 8714) $95.00; VHS, Multiple Campus. $195.00.

Trigonometric & Circular Functions: Building Trigonometric Models: Graphing Trigonometric Functions. Mathematics-Trigonometry. 29 mins. (Math Factor Ser.: Module 2). (YA). Age: 14-UP. (gr. 9 up). Trigonometry is used to model applications involving music, electricity, & the Ferris wheel. United Learning. VHS, Incl. student wkbk. (Order #: 8718) $95.00; VHS, Multiple Campus. $195.00.

Trigonometric & Circular Functions: Combined Transformations of Trigonometric Functions. Mathematics-Trigonometry. 29 mins. (Math Factor Ser.: Module 2). (YA). Age: 14-UP. (gr. 9 up). Demonstrates different methods of graphing transformations of trigonometric functions. United Learning. VHS, Incl. student wkbk. (Order #: 8717) $95.00; VHS, Multiple Campus. $195.00.

Trigonometric & Circular Functions: Derivation & Use of Trigonometric Identities. Mathematics-Trigonometry. 29 mins. (Math Factor Ser.: Module 2). (YA). Age: 14-UP. (gr. 9 up). Learn how to present basic proofs & verify identities. Highlights Pythagorean, reciprocal & quotient identities & students & teachers presenting proofs. Fermat's Last Theorem is presented as one example of a longstanding mathematical puzzle. United Learning. VHS, Incl. student wkbk. (Order #: 8719) $95.00; VHS, Multiple Campus. $195.00.

Trigonometric & Circular Functions: Development of Circular Functions. Mathematics-Trigonometry. 29 mins. (Math Factor Ser.: Module 2). (YA). Age: 14-UP. (gr. 9 up). Reviews vocabulary & concepts of primary trigonometry ratios, degree-radian relationship & the development & application of special, quadrantal, reference & coterminal angles. United Learning. VHS, Incl. student wkbk. (Order #: 8713) $95.00; VHS, Multiple Campus. $195.00.

Trigonometric & Circular Functions: Graphing Trigonometric Functions. Mathematics-Trigonometry. 29 mins. (Math Factor Ser.: Module 2). (YA). Age: 14-UP. (gr. 9 up). Explore the relationship between radians & degrees & learn how to graph primary & reciprocal functions. Emphasis is placed on the importance of understanding & analysis of the function's properties including domain, range, period, y-intercepts & intercepts. United Learning. VHS, Incl. student wkbk. (Order #: 8715) $95.00; VHS, Multiple Campus. $195.00.

Trigonometric & Circular Functions: Investigating the Properties of a, b, c, & d. Mathematics-Trigonometry. 29 mins. (Math Factor Ser.: Module 2). (YA). Age: 14-UP. (gr. 9 up). Using computer technology, investigate the transformations of the trigonometric functions. United Learning. VHS, Incl. student wkbk. (Order #: 8716) $95.00; VHS, Multiple Campus. $195.00.

Trigonometric & Circular Functions: Radian Measurement. Mathematics-Trigonometry. 29 mins. (Math Factor Ser.: Module 2). (YA). Age: 14-UP. (gr. 9 up). Learn how to convert from radians to degrees & vice versa. Applications of radian measurement to arc length & regular velocity are explained. United Learning. VHS, Incl. student wkbk. (Order #: 8712) $95.00; VHS, Multiple Campus. $195.00.

Trigonometric & Circular Functions: Solving Complex First- & Second-Degree Equations & Relationships Between Roots of Trigonometric Equations & Graphs. Mathematics-Trigonometry. 29 mins. (Math Factor Ser.: Module 2). (YA). Age: 14-UP. (gr. 9 up). Equations are solved using identities, systems of equations, & graphing technology. The cyclical nature of tides is explored. United Learning. VHS, Incl. student wkbk. (Order #: 8721) $95.00; VHS, Multiple Campus. $195.00.

Trigonometric & Circular Functions: Sum & Difference Identities. Mathematics-Trigonometry. 29 mins. (Math Factor Ser.: Module 2). (YA). Age: 14-UP. (gr. 9 up). Negative & complementary arc identites are proven, exact values calculated, double-angle identities are derived, & equations solved using identites. United Learning. VHS, Incl. student wkbk. (Order #: 8720) $95.00; VHS, Multiple Campus. $195.00.

Trigonometric & Circular Functions: Trigonometric & Circular Functions Review. Mathematics-Trigonometry. 29 mins. (Math Factor Ser.: Module 2). (YA). Age: 14-UP. (gr. 9 up). Emphasis on radian measure, transformation of trigonometric functions, solving trigonometric equations, & proving identities. Trigonometry is used as a model to show that hours of daylight & the times of sunrise & sunset vary with time of the year. United Learning. VHS, Incl. student wkbk. (Order #: 8722) $95.00; VHS, Multiple Campus. $195.00.

Troubleshooting & Understanding Electrical & Motor Controls Module 1: **Plant Power Distribution.** Electronics. Technology. Includes: Introduction to Power Generation (AC Power); The Wye System; The Delta System; Power Distribution; Power Distribution Inside the Plant; DC Power. Industrial Text Co. VHS.

Troubleshooting & Understanding Electrical & Motor Controls Module 2: **Static - Manual Control Switches.** Electronics. Technology. Includes: Types of Control Switches; Basic Ladder Diagram; Switches; Pushbuttons; Selector Switches; Pilot Lights; Drum Switches. Industrial Text Co. VHS.

Troubleshooting & Understanding Electrical & Motor Controls Module 3: **Sensing & Timing Control Switches.** Electronics. Technology. Includes: Definition & Uses of Sensing Switches; Pressure Switches; Flow Switches; Float Switches; Temperature Switches; Foot Switches; Proximity Switches; Photoelectric Switches; Plugging (Speed) Switches; Reed Switches; Timers; Counters. Industrial Text Co. VHS.

Troubleshooting & Understanding Electrical & Motor Controls Module 4: **Electromagnetic Control Switches.** Electronics. Technology. Includes: Introduction; Control Relays; Contractors; Magnetic Motor Starter; Solenoids; Protective Switches; Fuses & Circuit Breakers; Overloads. Industrial Text Co. VHS.

Troubleshooting & Understanding Electrical & Motor Controls Module 5: **Understanding Electrical Control Circuits.** Electronics. Technology. Includes: Components of Control Circuits; Control Circuit Representation; Electrical Ladder Diagrams; Input-Logic-Output; Adding Memory to a Control Circuit; Interpreting More Complex Ladder Diagrams; Layout Diagrams. Industrial Text Co. VHS.

Troubleshooting & Understanding Electrical & Motor Controls Module 6: **Introduction to AC & DC Motors & Motor Control Circuits.** Electronics. Technology. Includes: National Electric Code/Article 430; How to Read Motor Nameplates; Referencing Nameplate Information & Article 430; Controlling Motor Operations; Control Circuits; Wiring Diagrams; Two-Wire & Three-Wire Control; Types of 30 AC Motors (3-phase); Types of 10 AC Motors (Single-Phase); DC Motors; Power Factor. Industrial Text Co. VHS.

Troubleshooting & Understanding Electrical & Motor Controls Module 7: **Preventive Maintenance & Electrical Control Circuit Troubleshooting.** Electronics. Technology. Includes: Preventive Maintenance; Engineering Preventive Maintenance in Control Circuits; Troubleshooting Control Circuits; Troubleshooting the Power Source; Troubleshooting the Control Circuit; Troubleshooting the Logic Section; Motor Failures. Industrial Text Co. VHS.

Troubleshooting & Understanding Electrical & Motor Controls Module 8: **Understanding & Troubleshooting DC Motor Controls.** Electronics. Technology. Includes: General Operation; Mechanisms Used for Starting DC Motors; Starting DC Motors; Reversing DC Motors; Speed Control of DC Motors; Acceleration & Deceleration Circuits; Troubleshooting the Series DC Motor; Troubleshooting the Shunt DC Motor; Troubleshooting the Compound DC Motor. Industrial Text Co. VHS.

Troubleshooting & Understanding Electrical & Motor Controls Module 9: **Understanding & Troubleshooting AC Motor Controls.** Electronics. Technology. Includes: General Operation of 3-Phase & 1-Phase AC Motors; Starting 3-Phase & 1-Phase AC Motors; Reversing AC Motors for 3-Phase & 1-Phase Motors; Speed Control of AC Motors; Acceleration & Deceleration Circuits; Troubleshooting 3-Phase AC Motors; Troubleshooting 1-Phase AC Motors. Industrial Text Co. VHS.

Troubleshooting & Understanding Electrical & Motor Controls Module 10: **Use, Application & Troubleshooting of Programmable Logic Controllers (PLCs)** Electronics. Technology. Includes: Ladder Diagrams & the PLC; Binary Concept; Number Systems Used in PLCs; I/O Addressing Structure; I/O System; Discrete Input Modules (120 volts AC/DC); Discrete Outputs (120 volts AC/DC); PLC Instructions: Basic Relay; Timers; PLC Control Circuit Implementation Examples; Troubleshooting the PLC I/O System; Troubleshooting the PLC's CPU; PLC Preventive Maintenance. Industrial Text Co. VHS.

Turning Points in the Physical Sciences, Programs 1-5. Color. 135 mins. CC Video Released Mar. 2005. Produced by Centre Communications Staff. Growing from ancient astronomical observations 2500 years ago to black holes in space no human endeavor has transformed society and defined our place in the cosmos more than the physical sciences. What started as a kernel of knowledge about the movement of the heavenly bodies has expanded to include the atomic building blocks of all chemistry; geology's understanding of earth's long history and the forces that have shaped our planet's features; astronomy's picture of an ever expanding universe populated by billions of galaxies each containing billions of stars; and physics understanding of the basic principles of movement, energy and forces which has given us the technological world of cars, planes, television, computers, cell phones, and the electrification of the planet. TURNING POINTS in the PHYSICAL SCIENCES take you on an exciting journey of discovery from ancient through classical science to the world of modern physics, relativity, chaos theory and quantum mechanics. Two Lane Blacktop. (1971). Color. 103 mins. R. Video Released Dec. 2007. Featuring James Taylor, Warren Oates, Jaclyn Hellman, Dennis Wilson, Rudolph Wurlitzer, Laurie Bird. Drag racing east from L.A. in a souped-up '55 Chevy are the wayward Driver and Mechanic (singer/songwriter James Taylor and the Beach Boys' Dennis Wilson, in their only acting roles), accompanied by a tagalong Girl (Laurie Bird). Along the way, they meet Warren Oates's Pontiac GTO-driving wanderer and challenge him to a cross-country race - the prize: their cars' pink slips. Yet no summary can do justice to the existential punch of Two-Lane Blacktop. Maverick director Monte Hellman's stripped-down narrative, gorgeous widescreen compositions, and sophisticated look at American male obsession make this one of the artistic high points of 1970s cinema, and possibly the greatest road movie ever made. Criterion Collection. DVD. (ISBN: 978-1-60465-003-7(6), UPC: 7 1551502692 5) $39.95.

Two Little Owls. Birds. Color. 20 mins. Group, CCircuit. The fierce icy stare of a great horned owl ready to attack will set you on the edge of your seat as you watch scientists climb to a 55 foot high nest to band the young owls. The great horned owl chicks hatched in early March before most birds even return north. It took a free standing scaffold 60 feet high for the photographers to share the two little owl's nest life. From the time they hatch as little white puffballs to the time they fledge, their lives are filled with interesting events at their nest. When the last owlet leaves the nest you'll be right in there cheering when he must find a way off the ground to escape a fox. It is a uniquely different nocturnal bird that stars in this film, one you don't often see in the wild. Berlet Films & Video. Uncommon Senses. (1987). Sociology. 117 mins. Directed by Jon Jost. Filmed between 1985 & 1987 during a series of journeys across the United States, from Montana to Florida, San Diego to New York, "Uncommon Senses" is concerned with understanding our nation - with the many-layered means by which we perceive & speak of such things, as well as of our place within them. Rooted deeply within the traditions of American literature & political thought, the film draws on both the forms & contents of these, while also underlining their inherent contradictions & flaws. It seeks to disturb the viewer - to break down, through a variety of means, the social constructs which our culture devises to obscure from us a clear vision of our own world. Formally difficult, this film is nevertheless an aesthetically & intellectually pleasurable experience. Facets Multimedia, Inc. VHS. (Order #: S13670) $79.95.

An Uncommon Union: Sarah & Jonathan Edwards. Color. 56 mins. mins. Video Released Jul. 2004. Full title is ?An Uncommon Union: The Life and Love of Sarah and Jonathan Edwards?Jonathan Edwards (1703-1758) was America?s greatest theologian and a leader in ?The Great Awakening? (which reached its height in the 1740s), a religious movement that decisively shaped American life.This is the story of Edwards and his remarkable wife Sarah as seen through her eyes. Sarah is played by Maggie Rowe, who adapted for the screen her one-person play performed for several years across America. The life of the Edwards makes for an incredible story. Leaders of a prestigious colonial American church parish, they survived the death of children and grandchildren, international fame for spiritual leadership, and local humiliation and public ridicule from opponents. Edwards paved the way for deeper understanding of the ways and working of God in the world that has inspired every generation since, yet he was voted out of his own congregation by resentful agitators. Through it all was his faithful wife Sarah. Mother of 11 children, she supported him through the peaks and valleys, even though she was herself subject to bouts of depression.Edwards is often remembered for his famous sermon, Sinners in the Hands of an Angry God, delivered in Enfield, Connecticut on July 8, 1741. In this program, however, we see him through the eyes of his beloved wife as a minister whose emphasis was far more on the grace and mercy of God. Through the intimacy of their gentle and faithful love for each other, we are provided penetrating insight into an amazing home and marriage relationship, one that left an incredible legacy in American history, as well as insight into an unusual man who stands among the most influential in all of church history. Vision Video. VHS. (ISBN: 978-1-56364-826-7(1), UPC: 727985007120) $19.99.

Edwards paved the way for deeper understanding of the ways and working of God in the world that has inspired every generation since, yet he was voted out of his own congregation by resentful agitators. Through it all was his faithful wife Sarah. Mother of 11 children, she supported him through the peaks and valleys, even though she was herself subject to bouts of depression.Edwards is often remembered for his famous sermon, Sinners in the Hands of an Angry God, delivered in Enfield, Connecticut on July 8, 1741. In this program, however, we see him through the eyes of his beloved wife as a minister whose emphasis was far more on the grace and mercy of God. Through the intimacy of their gentle and faithful love for each other, we are provided penetrating insight into an amazing home and marriage relationship, one that left an incredible legacy in American history, as well as insight into an unusual man who stands among the most influential in all of

church history. Vision Video. DVD. (ISBN: 978-1-56364-820-5(2)) $19.99.

Under One Sky: Nevada's Native American Heritage. (English). Video Released Apr. 2006. Directed by Mark Gandolfo, JoAnne Peden. As told by Daniel McDonald, Floyd Buck Sampson, Jr., Jo Ann Smokey Martinez, Arthur Manning, Leonard Lowry, Frances Hooper, Ernest Hooper, Ashley George, Katie Frazier, Marvin Dressler, Marge Milazzo, Ralph Burns, Richard Blaver. Editor Maryan C. Tooker, Mark Gandolfo. Music by Dean Barlese, Theresa Smokey Jackson, Benny Fillmore, Herman Holbrook, Richard Blaver, Alan Blaver, Judy Pete, Lillian Hooper, Wesley Jim, Art Cavanaugh, Jo Ann Smokey Martinez, Marvin Dressler, Wuzzie George, Stillwater Dance Group. Narrated by Ben Aleck, Eugene Hattori, Donna Cossette. Produced by JoAnne Peden. Executive Producer Tom King. Brief Description:In 2002, the Nevada State Museum mounted an extraordinary, groundbreaking, permanent exhibit on the history and culture of Nevada?s Indian people. Entitled Under One Sky, the exhibit is a product of close collaboration between museum professionals and tribal representatives, and incorporates a number of short audio and video works produced by the University of Nevada?s Oral History Program. In enhanced form, and including some important additions and refinements, these collected elements are presented in this interactive video. As told by Northern Paiute, Western Shoshone, and Washoe people, Under One Sky presents three segments. ?Origin Stories? explains the people?s presence on the land and their relationship to it, while ?Life Ways? illustrates some important changes that have occurred since non-Indian settlers first penetrated traditional Indian territories. The third segment describes memories of experiences at the Stewart Indian School in Carson City, Nevada. These vignettes were filmed on site in spectacular Great Basin locales and on the eastern front of the Sierra Nevada. They incorporate historical photographs and footage from vintage home movies, as well as traditional tribal songs, which enrich the sound track. Univ. of Nevada Oral History Program. VHS. (ISBN: 978-1-56475-392-2(1)) $19.95.

Unequal Education: Failing Our Children. (1992). Education. 21 mins. (YA). Video Released Aug. 1992. Directed by David Murdock. Contribution by Linden Harrigan, Dawn Sparks, Carol Roman, Carolie Jenkins. Recent graduates of New York City public school take their cameras into the classroom for a rare look at the unequal education opportunities available to our children. Focusing on two seventh grade students, Lonnie & James, we see the stark contrasts between a school in the middle class neighborhood of Riverdale & a school in a working class South Fordham community, both in the same Bronx school district. While James' school has a well equipped science class, an outdoor track & a field & a full band, Lonnie's school lacks the trained staff & resources necessary to provide a decent education. Interviews with teachers, principals, parents & community activists place their personal stories in the context of a nationwide educational crisis. Educational Video Ctr. VHS. An Ungentlemanly Act. Color. 119 mins. Video Released Jan. 2005. Ian Richardson, Bob Peck. In the tiny Falkland Islands, April 1, 1982 started normally enough, but before midnight, an old conflict had exploded and enemy soldiers were creeping ashore. This award winning drama takes a wry look at the first hours of the Falklands War. Ian Richardson is Sir Rex Hunt, unflappable governor of the islands, determined to defend his office and Bob Peck is Major Mike Norman, who faces the Argentinean invaders with a handful of gutsy Royal Marines. Filmed in the Falklands, this extraordinary drama captures the courage (and absurd black humour) that occur when a small corner of the world suddenly becomes a battlefield. Unleashed. Color. 102 mins. R. Video Released Oct. 2005. Jet Li, Morgan Freeman, Bob Hoskins, Vincent Regan, Kerry Condon, Dylan Brown, Tamer Hassan, Michael Jenn, Carole Ann Wilson, Michael Webber, Jaclyn Lee. Directed by Louis Leterrier. Martial arts superstar Jet Li reteams with French writer-director Luc Besson (KISS OF THE DRAGON) in this psychological action film shot in Glasgow, Scotland. Li stars as Danny, a human attack dog for a powerful mobster he calls Uncle Bart (Bob Hoskins, looking resplendent in white suit after white suit). When Bart and his men go out on their collection runs, they bring Danny, who has been trained since he was a child to fight to kill. When Bart takes Danny's collar off and commands, "Get 'im," Danny goes to work, an unstoppable machine, using the only weapon he knows: his body. But when a turf war ends up in bloody carnage, Danny escapes and is taken in by a kind family consisting of blind piano tuner Sam (Morgan Freeman) and his teenage stepdaughter, Victoria (Kerry Condon). They teach Danny how to be a real person, to be able to act civilly in society. They also allow Danny to explore his love of the piano, where a specific tune haunts him, bringing up repressed memories from his long-ago past. Just when Danny thinks he has escaped from his former life, he is pulled back in, but he is no longer the trained dog Bart thinks he is. Written by Besson and directed by Louis Letterier (THE TRANSPORTER), UNLEASHED is a gripping, heart-wrenching film fueled by the music of Massive Attack and a relentless visual style. The Use of Faith in the Expansion of Consciousness. (1999). Religious And Inspirational. Color. 90 mins. (Science & Consciousness Ser.). *Made-for-Video.* Video Released Jun. 1999. Bernardo Monserrat. It is Bernardo's position that faith is a natural & organic gift which every individual receives. It is human nature to be optimistic & expect life to improve. Thus, it is the gift of faith which sustains the drive to live. Yet faith can be lost. Either through trauma, situational circumstances or social conditioning, our capacity to feel optimistic & take risks is hampered. During these times we are motivated by fear & our consciousness becomes limited. It behooves us to know how the natural gift of faith has been damaged in our own lives. In doing so, we can access the "blind spots" which limit the consciousness necessary to be creative & loving. During this workshop, through the use of lecture, discussion, personal evaluations & some interactive techniques, we will evaluate the state of our faith. We will also learn how faith can be bolstered & enhanced, thus preventing future setback. Message Co., The. VHS. (ISBN: 978-1-57282-142-2(6)) $24.95.

Velazquez: The Painter of Painters. Art-Biography. 56 mins. (Portrait of an Artist Ser.). Video Released Oct. 1992. Directed by Didier Baussy. On the 6th of August, 1660, at 2 o'clock in the afternoon, Velazquez died in Madrid. In the presence of King Philip IV & all the dignitaries of Spain, he was interred at the church of San Juan. This film deals with this special relationship between an artist & a king. Passionate about painting, Philip IV was the largest art collector of his time, & Velazquez became the servant of this passion. Although he left a legacy of little more than 100 canvasses, Velazquez has exerted an enormous influence on other painters past & present. Public Media, Inc. (Home Vision). VHS. The Velveteen Rabbit. Color. 25 mins. mins. (J). Video Released Sep. 2003. Produced by Adelante Project Staff. This is a classic children?s story about a little boy and his toy bunny. The bunny lived in the nursery with the other toys. The mechanical toys felt superior to the old-fashioned ones and often snubbed them. But the ancient Skin Horse was friendly to the rabbit and explained to him the mystery of becoming real. The secret was the boy?s father who loved the Skin Horse for a long, long time until he finally became real.The Velveteen Rabbit asked the Skin Horse, ?Will I become real?? His answer was, ?Real isn?t how you are made. It?s a thing that happens to you. When a child loves you for a long, long time, not just to play with, but really loves you, then you become real.?As the story unfolds we learn how the Velveteen Rabbit finally becomes real. It?s easy to see why this story appeals to the idealism of teenagers. Vision Video. VHS. (ISBN: 978-1-56364-739-0(7)) $14.99.
